MODERN MAISONETTE | KIFISIA, NORTHERN SUBURBS, KIFISIA

An amazing newbuild maisonette, designed with a minimalist aesthetic, in a prime location in Kifisia.

The property of 230sq.m. in total is built on the ground floor of a state-of-the-art building, which consists of four residences.

The maisonette is constructed according to the latest technology and design trends, providing «smart home» technology. It extends over 2 levels.

The ground floor of 143sq.m. consists of a very bright living/dining room and a kitchen. On the same level, there is 1 master bedroom and 1 more en-suite bedroom.

On the lower level of 87sq.m. there is a sitting room with a dining area, a kitchenette and a maid's room. There is, however, the possibility of an extra bedroom.

At the back of the building there is a private garden of 520sq.m. with a swimming pool, a modern fitted seating area and an outdoor fireplace.

The property offers also a big storage room and 2 parking spaces.
