RARE PROPERTY WITH A SEA VIEW | CORINTHOS, CORINTHIA, CORINTHIA

A unique property overlooking the sea and the castle of Acrocorinthos, even from the living areas, in ancient Corinth.

The area is known for the imposing rock which has been used as a castle since ancient times. It is only 15 minutes from the nearest beach and about 1 hour and 15 minutes from Athens airport.

The property, built in 2008, occupies a total of 363sq.m. and consists of 3 residences. The large glass windows around the perimeter, the strong concrete elements and the industrial look characterize this modern property.

The first residence of 213sq.m. is developed in 3 levels. The 1st floor features a bright living room with a fireplace, large openings and access to a spacious veranda with sea views, a kitchen and a W.C. The internal staircase leads to the upper level which includes an office with sea and castle views, 2 bedrooms and 1 bathroom. The bedrooms have nice views and access to verandas. The lower level consists of a large bedroom with its own bathroom. All areas of the house have nice heights and plenty of light.

The second house of 62sq.m. has a living room, an open-plan kitchen, 1 bedroom, 1 bathroom, offering access to a nice courtyard, while it can be united with the first house.

Lastly, the third house of 88sq.m. is developed in 2 levels, while it is unfinished.
